MTAS....

Decision-Making Process for the MTAS

MCA and MTAS Resources

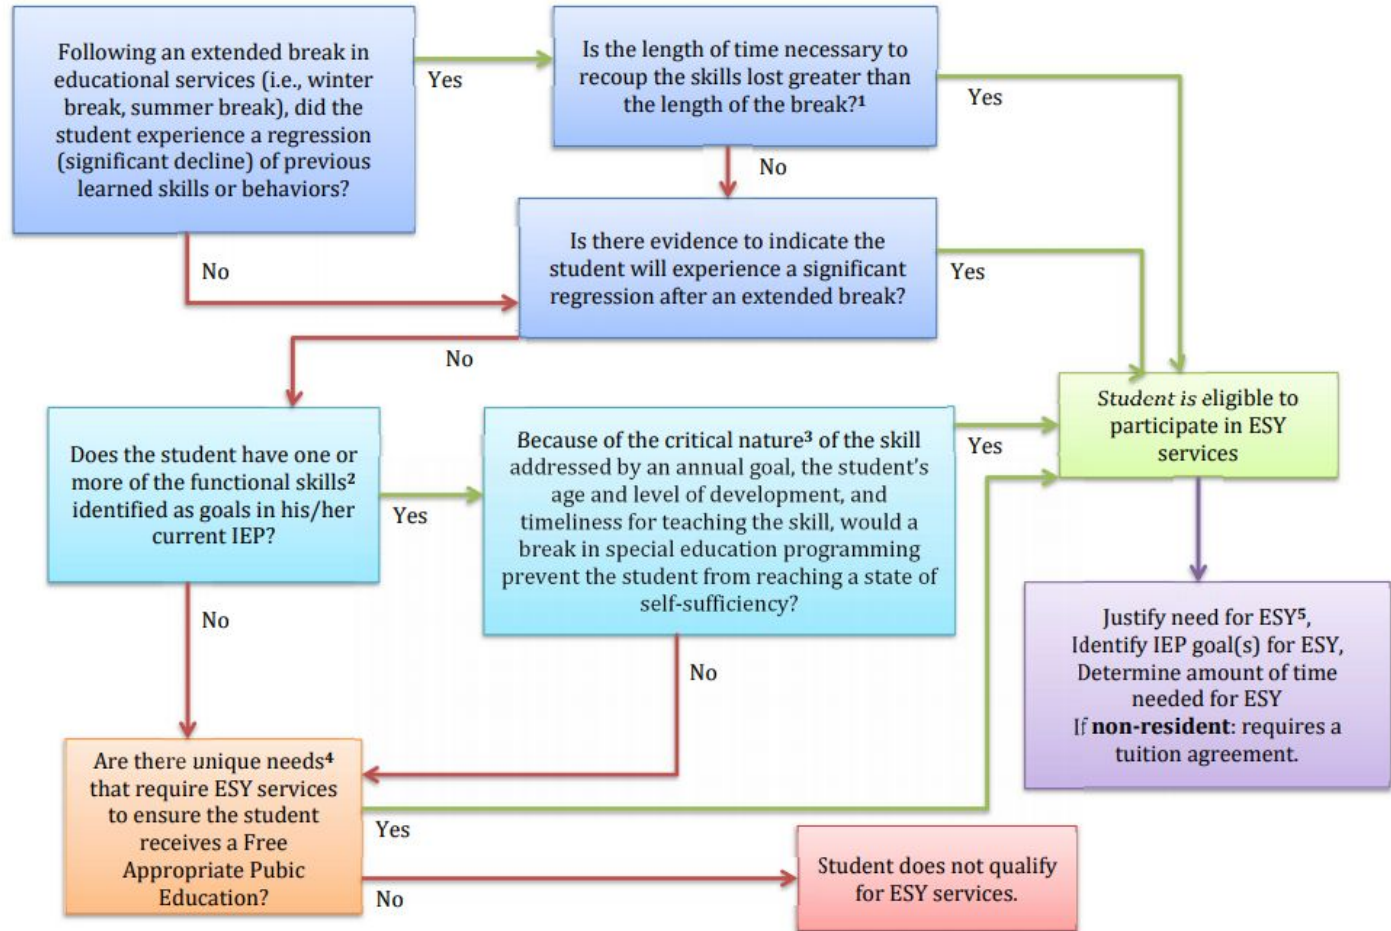

Break Examples: June 15-August 30:
Student does or does not recoup by Thanksgiving.
December 21-Jan 2:
Student does or does not recoup by January 17

Who can receive ESY?

Not every student with a disability will be entitled to receive ESY services. The student's IEP team determines his/her eligibility for ESY annually by documenting student need in at least one of three conditions:

- **Regression/Recoupment** – “there will be significant regression of a skill or acquired knowledge from the pupil's level of performance on an annual goal that requires **more than the length of the break** in instruction to recoup unless the IEP team determines a shorter time for recoupment is more appropriate;”
- **Self-sufficiency** – “services are necessary for the pupil to attain and maintain self-sufficiency because of the critical nature of the skill addressed by an annual goal, the pupil's age and level of development, and the timeliness for teaching the skill; or”
- **Unique Need** – “the IEP team otherwise determines, given the pupil's unique needs, that ESY services are necessary to ensure the pupil receives a free appropriate public education.”

Decision Flowchart: Extended School Year

Last day of school be like

Here's the Nuts 'n Bolts that staff will hear about in an email from us:

- ❑ “More Data Needed” needs to be changed to “yes” or “no” (This requires a PWN)
- ❑ Three ways to qualify - determination based on data - primarily from progress reports and data collected before and after breaks. **Students need to qualify....not just benefit from ESY.....not just regression.....**
- ❑ SpEd Forms Worksheets due to your ESY admin **April 30thish.....**
- ❑ Procedure for documenting ESY - handout describes.
- ❑ Consider variety of program options (home program packets, etc), should not be more than services during the school year, etc
- ❑ **Finalize** ESY worksheets and complete **ESY coop data** form

PROGRAMMING: THINK OUTSIDE THE BOX

Remember that the “I” in IEP stands for *individualized* and we must program for student need and not around school or bell schedules.

Examples of Creative Programming: Service times written by month, week, or sessions per quarter/semester.
