

FBA Observation Form

Student: _____

Date: _____

Setting/location: _____

Student/teacher ratio: ____:____

Setting events/activities: _____

*Tally the number of instances that the student displays the behavior for each minute, also make note of the duration of the behavior. Next, randomly select a same gender peer and look for the same behavior, alternate between the student and the peer every other minute.

Target Behavior #1: _____

<i>minutes</i>	1/2	3/4	5/6	7/8	9/10	11/12	13/14	15/16	17/18	19/20	21/22	23/24	25/26	Total
Student														
Peer														

Target Behavior #2: _____

<i>minutes</i>	1/2	3/4	5/6	7/8	9/10	11/12	13/14	15/16	17/18	19/20	21/22	23/24	25/26	Total
Student														
Peer														

*When a behavior occurs document what happened before the behavior (antecedent), what the behavior was (behavior), and what happened after the behavior (consequence).

A-Antecedent

B-Behavior

C-Consequence

A-Antecedent
